

YOSHIMURA, Akihiko

Professor, Department of Microbiology and Immunology, Keio University School of Medicine

RESEARCH TOPICS

Negative regulation of Immune responses and signal transduction

EDUCATION

- 1986 PhD: Faculty of Science, Kyoto University
- 1983 M.S: Graduate School of Science, Kyoto University
- 1981 B.S: Faculty of Science, Kyoto University

POSITIONS

- 1985-1987 Assistant Professor, Oita Medical School, Oita, Japan
- 1987-1989 Assistant Professor, Cancer Research Institute, Kagoshima University
- 1989-1991 Postdoctoral Research Fellow, Whitehead Institute for Biomedical Research
- 1989-1995 Associate Professor, Kagoshima University
- 1995-2000 Professor, Insitute of Life Science, Kurume University
- 2001-2008 Professor, Medical Institute of Bioregulation, Kyushu University
- 2008- present Professor, Department of Microbiology and Immunology, Keio University of Medicine

AWARDS (Selected)

- 1998 Japan Biochemistry Society Award
- 2001 Japan Immunology Society Award
- 2007 Mochida Memorial Award
- 2007 Kakiuchi Samuro Award (Japan Biochemical Society)
