### Current Appointments

Postdoctoral research scientist, JST-ERATO Itami Molecular Nanocarbon Project,  
Graduate School of Science, Nagoya University

### Date/Place of Birth

March 21, 1980 / New Hyde Park, NY, U.S.A.

### Citizenship

U.S.A.

### Education

B.A. in Chemistry, May 2002 (Prof. Christopher J. Smart, Vassar College)

M.A. in Chemistry, Aug 2012 (Prof. John D. Tovar, Johns Hopkins University)

Ph.D. in Chemistry, Mar 2016 (Prof. John D. Tovar, Johns Hopkins University)

### Academic Career

June 2016~                      current position

### Awards and Honors

June 2013      Outstanding Poster Award / Invited Oral Presentation, Gordon  
Research Conference: Physical Organic Chemistry, Holderness, NH,  
USA

Aug 2013      Best Poster Award, 15th International Symposium on Novel Aromatic  
Compounds (ISNA-15), Taipei, Taiwan

June 2014      Outstanding Short Oral Presentation (first prize), 15th Boron in the  
Americas Conference (BORAM XV), Newark, NJ, USA

May 2015      Sarah and Adolph Roseman Achievement Award (outstanding  
accomplishment in graduate chemistry research), Johns Hopkins  
University
