

EMBO Workshop

Bacterial membrane vesicles: Biogenesis, functions and medical applications

23 – 26 November 2021 | Ibaraki, Japan

ORGANIZER

Ryoma Nakao

National Institute of Infectious Diseases, JP

CO-ORGANIZERS

Bernt Eric Uhlin

Umeå University, SE

Maria Kaparakis-Liaskos

La Trobe University, AU

Thomas Kufer

University of Hohenheim, DE

Nobuhiko Nomura

University of Tsukuba, JP

Masanori Toyofuku

University of Tsukuba, JP

Sun Nyunt Wai

Umeå University, SE

CONTACT

EMBOWS@PROCOM-I.JP

SPEAKERS

Laura Baldoma

Universitat de Barcelona, ES

Patricia Bassereau

Institut Curie, FR

Sigal Ben-Yehuda

The Hebrew University of Jerusalem, IL

Martina Bielaszewska

National Institute of Public Health, CZ

Simon Carding

Quadram institute Bioscience, UK

Scott Dean

U.S. Naval Research Laboratory, US

Matthew DeLisa

Cornell University, US

Leo Eberl

University of Zürich, CH

Maria Kaparakis-Liaskos

La Trobe University, AU

Meta J. Kuehn

Duke University Medical Center, US

Thomas Kufer

University of Hohenheim, DE

Tatsuo Kurihara

Kyoto University, JP

Kyosuke Nagata

University of Tsukuba, JP

Ryoma Nakao

National Institute of Infectious Diseases, JP

Kaare Magne Nielsen

Oslo Metropolitan University, NO

Nozomu Obana

University of Tsukuba, JP

Yoshinori Ohsumi

Tokyo Institute of Technology, JP

Rafael Prados Rosales

Universidad Autónoma de Madrid, ES

Jeffrey W. Schertzer

Binghamton University, US

Stefan Schild

University of Graz, AT

Yosuke Tashiro

Shizuoka University, JP

Masanori Toyofuku

University of Tsukuba, JP

Sun Nyunt Wai

Umeå University, SE

REGISTRATION

Abstract submission
deadline

31 August 2021
