

The Fifth Symposium

The Plans and Prospects about Exchange Between Japan and India by the FY2022 Universities
Selected to the "Inter-University Exchange Project Platform Building Program (India)" Supported by MEXT

Keynote Speech

Prof. Gautam Biswas

J C Bose National Fellow and Professor,
Department of Mechanical Engineering, IIT Kanpur

New universities were selected in FY2022 to the project, "Inter-University Exchange Project Platform Building Program (India)", supported by MEXT (the Ministry of Education, Culture, Sports, Science and Technology of Japan). In this symposium the new selected universities will give presentations on their plans and prospects about exchanges between Japan and India as well as having the audience think about the exchanges managed by universities.
