GENDER IN SCIENCE - WHY IS IT IMPORTANT?

Join us at the 16th edition of the Gender Summit - Quality Research and Innovation through Equality (GS16), held for the first time in Singapore, to learn more.

At the Gender Summit, international scientists, policy makers, and gender experts examine how research and innovation can be improved through a gender dimension in a way that benefits society. The dialogues consider both biological (sex) and socio-cultural (gender and diversity) factors as research variables, as research subjects, and as contributors to different outcomes in men and women, for evidence-based action and outcomes.

FEMALE ENROLMENT IN S&T
(LOCAL UNIVERSITIES)

1 IN 4 SENIOR EXECUTIVES IN
SCIENCE IS A WOMAN IN SG

GUEST-OF-HONOUR

Ms CHAN Lai Fung

Chairman, A*STAR
Permanent Secretary, National
Research and Development

KEYNOTE SPEAKERS

Hon. Prof. Subra
SURESH

President
Nanyang
Technological
University

Prof. Sabra
KLEIN

Professor
John Hopkins
University,
USA

Prof. Michinari
HAMAGUCHI

President
Japan Science
and Technology
Agency

Prof. Curt
RICE

Rector
Oslo
Metropolitan
University

Registration discounts:

10% <GEN16CORP10> for groups of up to three people

20% <GEN16CORP20> for groups of four or more

DIVERSITY AND GENDER IN SCIENCE: ENHANCING THE VALUE OF RESEARCH AND INNOVATION

SESSION DETAILS

| |
|--|
| Day 1, 28 August 2019 |
| <p>Keynote 1 <i>Meeting societal challenges by creating a diverse research and innovation environment</i></p> <p>CHAN Lai Fung, Chairman Agency for Science Technology and Research (A*STAR), and Permanent Secretary, National Research and Development</p> |
| <p>Keynote 2 <i>Digitalisation of societies and economies for a fairer and more sustainable future</i></p> <p>Subra SURESH President, Nanyang Technological University</p> |
| <p>Plenary Panel 1 <i>Strategies to maximise impact of gender equality policy programmes in science, and beyond</i></p> |
| <p>Keynote 3 <i>The 'disruptive' innovation power of new science institutions: transforming the status quo</i></p> <p>Curt RICE, Rector, Oslo Metropolitan University</p> |
| <p>Plenary Panel 2 <i>STI inter-institutional and international cooperation relationships as mechanisms for implementing shared gender equality policy objectives</i></p> |
| <p>Keynote 4 <i>Gender perspective on vaccine design and delivery: how understanding basic biology of sex differences can improve public health response to infectious diseases</i></p> <p>Sabra L. KLEIN Professor John Hopkins University, the Vaccine Initiative, USA</p> |
| <p>Plenary Panel 3 <i>Sex, gender, and diversity as dimensions of quality in health research and outcomes</i></p> |
| <p>Plenary Panel 4 <i>Equitable Technological Future: Women scientists in Asia-Pacific at the forefront of technological transformation for sustainable future</i></p> |

| |
|---|
| Day 2, 29 August 2019 |
| <p>Keynote 5 <i>Science for sustainable society and well-being for all</i></p> <p>Michinari HAMAGUCHI, President, Japan Science and Technology Agency</p> |
| <p>Plenary Panel 5 <i>Women in STEM leadership, and as career role models</i></p> |
| <p>Plenary Panel 6 <i>New practical approaches and mechanisms to advance systematic progress towards gender quality in STI</i></p> |
| <p>Plenary Session 7 <i>Creating inclusive and supportive academic cultures through impactful gender equality interventions</i></p> |
| <p>Parallel Session 1 <i>Needs and opportunities to advance research capacity in developing countries through gender equality interventions</i></p> |
| <p>Parallel Session 2 <i>Gender and AI: developing and deploying talent - fairly and effectively</i></p> |
| <p>Parallel Session 3 <i>Perceptions and indicators of gender equality in academic careers and institutions</i></p> |
| <p>Plenary Panel 8 <i>Creating BRIDGE to Equitable and Sustainable Future in Asia Pacific</i></p> <p>Chair: Elizabeth POLLITZER, Director, Portia, UK</p> |
| <p>Closing Statements</p> <p>Zee UPTON, Executive Director, Institute of Medical Biology, Agency for Science, Technology and Research (A*STAR)</p> |
