Research Application via "The Cross-ministerial R&D Management System (e-Rad)"

*Notice: There may be some instructions or menus described only in Japanese, so in that case, please get support from Japanese speakers at your research institution.

1. Registration of research institution and researcher information

If you do not have a login ID or password, you need to register with your research institution's administrative staff.

* Since the e-Rad system is designated for Japanese research institutions, so there is no English manual for research institution registration.

2. Input of information related to research integrity

If you have not registered since the e-Rad system was revised (after March 15, 2022), please be sure to do so. It is not necessary if you have already registered.

3. Obtaining Application Guidelines and Research Proposal Forms

Check the list of open calls for applications on the e-Rad portal site and download the application guidelines and research proposal form.

4. <u>Creation of Research Proposal/Reference Materials</u>

Please create your research proposal PDF with a file size of 3 MB or less, with a maximum of 10 MB, in order to reduce the processing load.

5. Input Application information to e-Rad

Enter your application information into e-Rad. This operation time is approximately 60 minutes.

6. <u>Research Application Submission</u>

Upload and submit your research proposal.

1. Registration of research institution and researcher information

Research institutions and affiliated researchers must be registered by the time of application. (If you have already registered, you do not need to register again).

Please complete the registration process at least two weeks in advance.

*If the applicant is affiliated with an overseas research institution, the research institution will be registered with JST after adoption. Please proceed to the application screen with no affiliation registered in your researcher ID on e-Rad system, and enter the name of your affiliated institution in the "Individual Items" tab. However, even in this case, at first, the applicant must obtain an e-Rad login ID and password as described below.

[Research institution registration]

Your research institution must be registered in e-Rad system by the time of application. Please assign one person at your research institution to be the administrative representative for e-Rad, and complete the procedures at the "Application for Research Institution Registration" (<u>https://www.e-rad.go.jp/organ/entry.html</u> --- This application web site is only in Japanese).

[Registration of researcher information]

Applicants must register their researcher information in e-Rad system and obtain their login ID and Password in advance. (If you have already registered in e-Rad system for another application, you do not need to re-register.)

The procedure to obtain a login ID and password is as follows. For details, please refer to the e-Rad portal site.

1) Researchers affiliated with domestic research institutions

Please complete the procedure from "How to register affiliated researchers" for research institutions (<u>https://www.e-rad.go.jp/organ/regist.html</u> --- This application web site is only in Japanese). Registration Operator: Administrative staff at the research institution Registration details: Research institution and researcher information

2) Researchers affiliated with overseas research institutions or researchers not affiliated with research institutions
 Please follow the procedures for "How to Register (for researchers)"
 (<u>https://www.e-rad.go.jp/en//researcher/index.html</u>).
 Registration Operator: Applicant himself/herself
 Registration details: Researcher information

- 2. Input of information related to research integrity
 - * If you have not registered since the e-Rad system was revised (after March 15, 2022), please be sure to do so., If you have already registered, it is not necessary
 - * When applying to CREST, the PI and all Co-PIs must be registered. Please check with the Co-PIs regarding their registration status.

In accordance with the revision of guidelines regarding competitive research funds on December 17, 2021, for the purpose to eliminate unreasonable duplication and excessive concentration of competitive research funds and ensure appropriate transparency and effort in research activities, call for proposals of competitive research funds, it is required to check the current application and acceptance status of competitive research funds and other research funds (program name, research topic, implementation period, budget amount, effort, etc.), as well as all current affiliated institutions and positions (concurrent employment, participation in foreign recruitment programs, emeritus professorships without employment contracts, etc.).

① Select and click [Confirm and amend researcher details] from the pull-down menu on the researcher's name at the top right of the e-Rad top screen.

2 Click the [Main research institution] tab on the "Modify Researcher Details" screen appears next.

- ③ Please fill in the necessary information in the field for "(1) Research expenses other than e-Rad", "(2) Side business, participation in a foreign recruitment program, or an emeritus professor without an employment contract, etc."
 - * There is no need to enter research funds registered in e-Rad for ongoing projects, research funds currently being applied for, and research funds scheduled to be accepted (adopted).
 - * "Research expenses other than e-Rad" are research expenses that fall under (A) or (B) below.
 - (A): Items that are not competitive research funds.
 - (B): Items that are under competitive research funding but have not been applied for through e-Rad.
- ④ If there are any applicable items, click [Add line] in the "Status of research expenses outside e-Rad and status of notification to job titles and affiliated institutions" section to add a line and enter it.
- (5) After confirming that you have properly reported the above information to your affiliated institution, please check the "(3) Pledge Status" checkbox. If there is nothing declare on (1) or (2), please also check this "(3) Pledge Status" checkbox.

* This part is required for everyone, including Co-PIs of CREST. If no check mark, you cannot apply.

- * If you select "Yes" in the "Whether or not a confidentiality agreement concluded" column, no input other than effort is required.
- * For effort, enter the percentage of time spent on the corresponding research, assuming that the proposal is adopted and the total work time in the full fiscal year 2025 (from April 2025 to March 2026) is as 100.
- * Please make sure that the total effort does not exceed 100%. Also note that there is no problem even if the information does not match, such as less than what is stated in "Disclosure of Funds" (CREST Form 7, PRESTO/ACT-X Form 6) in the "Proposal". For the effort value, the description in the Research Proposal is treated as the right information.
- * Please be sure to check the "(3) Pledge status" checkbox.

3. Obtaining Application Guidelines and Research Proposal Forms

Application Guidelines and Research Proposal forms can be downloaded from HP of Department of Strategic Basic Research JST:

"Call for Research Proposal for CREST, PRESTO, ACT-X" (https://www.jst.go.jp/kisoken/boshuu/teian-en.html)

 \ll How to check on e-Rad \gg

- ① Click [Log In] at the top right of the e-Rad portal site screen.
- 2 Login with the proposer's login ID and password.
 - *After that, the logged-in researcher information will be automatically displayed in the researcher column in the upper right corner.

*When logging in for the first time, initial settings are required.

③ Click [New applications] on the quick menu.

- ④ Enter the program name, research area name, research supervisor name, etc. in [Search category/search text] under [Search Conditions] to find the public call which you want to apply.
 - * Please check the public call name, CREST, PRESTO, ACT-X classification, and research area name.
- (5) Click on the name of the public call for which you want to apply and move to the " Details of Call for Application" page.

Click on the [URL for Details of Call for Applications] and [URL for Application Guidelines] and download the Application Guidelines and Research Proposal Forms from the page you have reached (see next page). * Please be sure to use the format for the research area for which you are applying.

4. Creation of Research Proposal/Reference Materials

- When preparing a research proposal, please carefully check the application guidelines.
- Research proposals must be converted to PDF format before being uploaded to e-Rad. <u>e-Rad has a PDF conversion</u> <u>function for WORD files, so as a general rule, please use this conversion function to convert form files to be</u> <u>submitted. (The maximum size of the source file is 30MB.) You can convert it to PDF using your own</u> <u>application, but please make sure that the text you copy and paste from the PDF reader screen does not</u> <u>become garbled. When converting to PDF using some applications, the text embedded in the PDF may not</u> <u>have the proper character code.</u>

Points to note when creating

* For details, please refer to the "Operation manual"

(https://www.e-rad.go.jp/en/manual/for researcher.html)

- Please check the confirmed operating environment when logging into e-Rad. The supported operating environments for e-Rad are Firefox, Chrome, Edge, and Safari. (* IE cannot be used.)
- Please keep the size of the research proposal converted to PDF within 3 MB (files larger than 10 MB cannot be uploaded).
- Please delete the revision history before converting the PDF.
- Please do not set a password for the research proposal PDF.
- Please check whether the page numbers are correctly assigned to the PDF converted file.
- Be sure to check the converted PDF file. If you use external characters or special characters, the characters may become garbled on a page or file basis.
- If you wish to apply for the Japan (JST)-France (ANR) Joint Research Proposal, you must upload the Japan-France Joint Research Proposal submitted to the France ANR. The form can be downloaded from the same website where the proposal form is posted.

Note) A reference material: "Proposal Summary of Japan-France Joint Research Proposal <Japanese Only> PDF file" which was required to be submitted until last year, is not required to be submitted as of this year.

- In addition, if any of the following apply, you also need to create and upload "Reference Materials". [ACT-X]
 - If a student becomes a research proposer, please use it as a "Reference Material".
 - You will also need to upload the <u>"Memorandum of Confirmation" PDF file</u>. Please prepare a PDF version signed by both the student and the supervisor.

[Exclusive Appointment PRESTO Researcher]

If you request to apply as exclusive appointment PRESTO researcher, you need to upload the fully filled out EXCEL file <u>"PRESTO-Researcher (JST employed)</u> <Japanese Only>" as a "Reference Material". The form can be downloaded from the same web page where the proposal form is posted.

Security Export Control System

All public solicitations in the FY 2025 will become subject to the requirements of security management.

(The detail of Security Export Control in Japan <u>https://www.meti.go.jp/policy/anpo/englishpage.html</u>)

Please verify the content described in this section. Furthermore, if you answer 'yes' to this section, indicating that the establishment of security export control system is required at your affiliated institution, please consult with the administrative department responsible for such matters at your institution about information on the establishment plan and its status, after completing the application submission process on the e-Rad.

Note) This form will not be displayed if your research institution already has the security export control system.

| Security Export Control |
|--|
| This program is subject to security export control in Japan requirements. |
| Your research institution does not yet have security export control, please answer the following questions. |
| "Do you have any plans or intentions to export the goods or technology that you acquired or will acquire through this public offering and that fall under the list regulations of the Foreign Exchange and Foreign Trade Act or provide the technology? |
| Or, do you have any plans or intentions to export or provide any goods or technologies that you already own that fall under list regulations in connection with this project? |
| The provision of technology includes not only the provision of technology overseas, but also the provision of technology domestically to non- residents, and domestic provision to residents who are significantly affected by non-residents." |
| If you answered "Yes" to the question and the security export control system of your research institution is not yet developed or is currently being developed. It is necessary to institution by the following matter whichever comes first. |
| 1.Carry out "export, etc." as stipulated in Article 55-10, Paragraph 1 of the Foreign Exchange and Foreign Trade Act. 2.End of this project |
| It is necessary to submit a written oath to the effect. (Please check with the administrative department of your affiliated research institution regarding the status of the security export control system development and the submission of a pledge.) |

Research Costs

According to the table below, please fill in [2. Cost breakdown for each fiscal year].

- *Please check [1. Maximum and minimum for each cost item].
- *If you do not first enter [Basic information/Research period] in the "Basic information" tab, you cannot be able to enter Research Costs by fiscal year.
- *The frame in [2. Cost breakdown for each fiscal year] is displayed according to the research period entered in the "Basic information" tab. In particular, the CREST frames for the third and subsequent fiscal years may be hidden, so please move the horizontal scroll bar to the right to display them.

Project members

Please fill in [2. Input details of project members] according to the table below.

- * For effort, enter the percentage of time spent for the Proposed Research, assuming that the proposal is adopted and the total work time in the full fiscal year 2025 (from April 2025 to March 2026) is as 100.
- * CREST research applicants should keep in mind the following points when entering their information.
 - If the research team has Co-PIs, click [Add row] at the bottom of the screen and enter the information in the field that appears.
 - If you cannot register your Co-PIs to e-Rad by the application deadline, it is possible to add the costs to the PI's cost provisionally. After completing your application, please contact JST (rp-info@jst.go.jp) immediately with the Co-PIs information that you were unable to enter.
- * If the "difference amount" in [1. Total of input amount (first fiscal year)] is not 0, an error will occur.

Please enter according to the on-screen instructions. Put the cursor on a question mark (?) of the input item name to display help for each.

Points to note when entering "specific to the program" tab

- For items marked [Confirm], please check the contents carefully and click the check button.
- For information on programs related to research ethics education, please refer to Application Guidelines 6.1 "Participation and completion of programs related to research ethics education"

[CREST]

• Please enter information of PI.

[PRESTO: Research Appointment Types]

- Please enter using the table below as a reference.
 - * For details, please refer to "3.2.7 Researcher Appointment Types" in the Application Guidelines.

[Additional items in ACT-X]

In the "Entries specific to the program" tab, enter the researcher's date of birth, gender, and date of doctoral degree for those who have obtained one. For those without a doctoral degree, enter the date and degree of the bachelor's degree. If you have taken prenatal/postnatal leave or childcare leave, include that period. Additionally, if the actual researcher (student, etc.) differs from the e-Rad ID holder, enter the actual researcher's name (in kanji and furigana). It is crucial to

accurately state the date of degree acquisition, periods of prenatal/postnatal leave, and childcare leave, as these relate to the application requirements. Incorrect entries may result in the cancellation of selection after the application has been accepted. Ensure all information is entered correctly.

"Status of application and approved projects" tab

There is no need to input data into e-Rad.

 * Please write down into the "Disclosure of Funds" of the "Application Research Proposal Form" (CREST Form 7, PRESTO/ACT-X Form 6).

Application Information Status Check

Please check the application type (status) of the submitted proposal from the quick menu [Manage submitted proposals]. If submitted successfully, the status will be displayed as "Distribution institution processing Application in progress". (There may be a time lag due to e-Rad processing.)

Research proposals that do not become "Distribution institution processing Application in progress" by the application deadline will be invalid. If the status of your application does not change to "Distribution institution processing Application in progress" despite the correct operation, please be sure to contact the contact information listed at the end of the Application Guidelines by the application deadline. If you contact us after the deadline, your application will be considered not to have been submitted and will not be considered for review, regardless of the reason.
