

Leila Takayama

Associate Professor, Dept of Computational Media, Baskin School of Engineering, University of California, Santa Cruz

Leila Takayama is an associate professor of Computational Media at the University of California, Santa Cruz, who studies Human-Robot Interaction. With a background in Cognitive Science, Psychology, and Human-Computer Interaction, Professor Takayama examines human encounters with increasingly autonomous technologies. She also does consulting for tech companies and non-profit organizations, helping them to make more data-driven decisions about how to design autonomous products and services.

Prior to UC Santa Cruz, she was a senior user experience researcher at GoogleX, and was a research scientist and area manager for human-robot interaction at Willow Garage. She has served as a World Economic Forum Global Futures Council Member and Young Global Leader. In 2015, she was presented the IEEE Robotics & Automation Society Early Career Award. In 2012, she was named a TR35 winner and one of the 100 most creative people in business by Fast Company.
