

**Dr. Torsten Hotopp**

Programme Director  
Deutsche Forschungsgemeinschaft  
Division Chemistry and Process Engineering

*responsible for:*

Chemistry of Biological Systems, Food Chemistry,  
Pharmacy, Bioprocess Engineering

**ACADEMIC Education**

1988-1997 University of Hannover; Institute for Organic Chemistry  
1997 Doctor of Natural Sciences  
1997-1999 Postdoctoral Fellow at Osaka University; Department  
of Engineering Sciences  
1999-2000 Postdoctoral Fellow at University of Hannover; Institute  
of Organic Chemistry

**WORKING EXPERIENCE**

1994-1996 Laboratory Assistant, University of Hannover  
2000-2002 Programme Officer at the Deutsche Forschungsgemeinschaft, Bonn;  
Chemistry and Process Engineering  
2002-2003 Proxy Programme Officer at the Deutsche Forschungsgemeinschaft, Bonn;  
Life Sciences II  
2003- Programme Director at the Deutsche Forschungsgemeinschaft, Bonn;  
Chemistry and Process Engineering

**RESPONSIBILITIES AND ACTIVITIES**

- Responsible for all proposals and coordinated Initiatives funded by the DFG in the fields
  - o Chemistry of Biological Systems
  - o Food Chemistry
  - o Pharmacy
  - o Bioprocess Engineering
  
- Member of the former DFG-Working Group "From Molecule to Material"
- Member of the former DFG-Working Group "Nutrition Research"
  
- Co-Secretary and Member of the Executive Group of CERC3 (*Chairmen of European Research Councils Chemistry Committees*)
