

Leveraging STI to increase impact: highlights from the DFAT journey

Dr Sarah Pearson, Chief Innovation Officer (CXO),
Australian Department of Foreign Affairs and Trade
Expert Group Meeting on STI Roadmaps for the SDGs
May 2018

INNOVATION  CHANGE

Outline

Our history
(where we've
come from)

Leveraging STI
for impact
(some examples
from DFAT)

Towards a
strategic and
collaborative
“What next?”

Where we've come from – experimenting with Aid

iXc launched in 2015

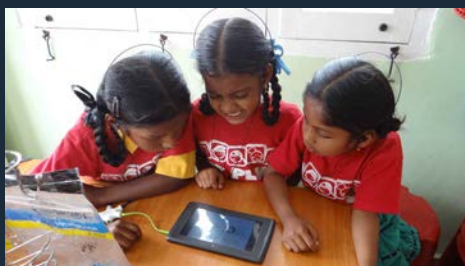

Trialed collaborative Challenge model

Global Partnerships

Early experiments

What's next?

Putting innovation into the hands of DFAT

Putting innovation into the hands of our region

Experimenting through flagship activity

Technology for Development

Innovation Ecosystems

Strategic Technology Roadmapping

Innovation Ecosystems – Scaling Frontier Innovation

\$15 million initiative supporting social enterprises to scale their development impact in the Asia Pacific region.

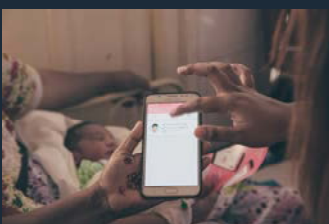

This will be achieved through four interconnected program interventions

Frontier Capital

Frontier Brokers

Frontier Innovators

Frontier Incubators

Strategic & Collaborative
